

Fuel Your Career – Supervisor ICCS Certification

Industrial Construction Crew Supervisor (ICCS) is a designated occupation administered and certified by the Government of Alberta.

It verifies a foreman is knowledgeable in the key competencies required of a frontline supervisor working in the industrial construction industry. ICCS is also a recognized best practice of Construction Owners Association of Alberta (COAA).

Alberta Apprenticeship and Industry Training (AIT) developed the [Competency Profile](#) that outlines the competencies for the ICCS certification.
