

FUNDAMENTAL LEADERS OF
INDUSTRIAL CONSTRUCTION
COMMUNITY OF PRACTICE

Introducing

New FLIC Co-Chairs

The Construction Owners Association of Alberta welcomes new Co-Chairs for our Fundamental Leaders of Industrial Construction (FLIC) Community of Practice! Joining the leadership team for this vibrant and exciting group is Gabriela Urrego and Joe Turchyn.

GABRIELA URREGO

Gabriela Urrego (Gaby) is a Customer Solutions Engineer-in-Training for TC Energy's Commercial Operations Team. Previous to this role, Gaby was a Field Engineer-in-Training on several pipeline construction spreads for TC Energy. Gaby started in COAA's FLIC community of practice as a co-lead for the Inclusion and Diversity subcommittee.

JOE TURCHYN

Joe Turchyn, Project Leader and Engineer at Suncor, is a founding member of COAA's FLIC community of practice and has served as the Key Initiatives Director since 2019. Joe's leadership has helped FLIC build a collaborative professional network that cares about the future success of Canadian Industry, Energy and Construction.
