

FLIC LEADER OF THE MONTH MARCH 2024

JORDON FLODELL

Caliber Control Systems & Site Resources Ltd.

Jordon Flodell, MBA, is the CEO & President of Caliber Control Systems and Site Resources Ltd. He is a seasoned professional with a diverse energy industry background and a strong foundation in instrumentation technology.

His journey from graduating from SAIT's Instrumentation Technologist program to obtaining an EMBA from the University of Alberta reflects his commitment to continuous learning and professional development. As the CEO and President of Caliber Control Systems & Site Resources Ltd., Jordon demonstrates exemplary leadership, strategic planning, and a hands-on approach to business management. He has been instrumental in the growth and success of both companies since their inception, expanding their reach across Western Canada and the USA.

Jordon's leadership style emphasizes teamwork, operational excellence, and a customer-centric approach. He is actively involved in fostering a positive company culture, promoting health, safety, and environmental standards, and ensuring quality assurance and control measures are implemented effectively. His passion for the energy industry is evident in his dedication to providing top-notch services to clients while also recognizing the challenges the industry faces, such as an aging workforce and the need to attract and train new talent, particularly from Indigenous communities. One of Jordon's proudest moments is winning the first significant construction project for Caliber, a testament to his vision, leadership, and the dedication of his team. This achievement reflects his commitment to excellence and long-term customer relationships.

Overall, Jordon's journey exemplifies resilience, innovation, and a deep-rooted passion for the energy industry, making him a respected leader in his field.
